No.92 Objets d'Amsterdam
Scent Diffuser 470 ml €45

Availability

Available from last week of August in the Marie-Stella-Maris Store in Amsterdam, the Bijenkorf, Skins Cosmetics and in the webshop www.marie-stella-maris.com

Available scents

No. 92 Objets d'Amsterdam is Marie's iconic fragrance; clean and crisp. Sparkling citrus accords and green tea provide a fresh sensation, while the underlying amber and musk give the fragrance depth and warmth.

No. 76 Courage des Bous is a warm and timeless fragrance that gives a feeling of luxury. The ingredients sandalwood and patchouli provide the classic nuance, while the addition of the robust and slightly smoky oud gives the fragrance a quirky twist.

Packing material

The transparent glass bottle with its black sticks is a real eye-catcher in your interior. The bottle is made from approximately 60-80% recycled glass. The sticks are made of a mix of cotton and terylene, which ensures maximum fragrance diffusion. You don't even have to turn the sticks; if at some point you immediately need an extra boost in scent diffusion, then turning is still the trick.

Refill

From August it is also possible to refill your empty scent diffuser in the Marie-Stella-Maris store in Amsterdam. By offering refill options, Marie-Stella-Maris is committed to limiting waste and thus their impact on the environment. Those who do not have the opportunity to come to the store in Amsterdam have to wait a little longer; they are working hard on more refill options.
