

## (Junior) Financial Controller

---

Marie-Stella-Maris is a social enterprise based in Amsterdam. We believe everyone in the world should have access to a source of clean water and hygiene. That's why we donate a fixed amount for every product sold to support clean water projects worldwide. We offer natural mineral water, natural care products and luxurious home fragrances.

We are looking for a (Junior) financial controller with the right DNA, competences and experience to strengthen the team.

### Company profile

Marie-Stella-Maris established in 2011 and has become an unique premium brand selling natural mineral water and care products, thereby contribution to our social mission.

Marie-Stella-Maris is located at Amsterdam and has a team of 25 FTE employees.

To scale up the company the majority shareholder engaged in a venture partnership with Stecc Capital (impact venture builder/investor and corporate finance advisor) with the joined purpose to leverage the unique brand of Marie-Stella-Maris and (hyper) scale its business activities to all the potential this unique social enterprise has to offer, and thereby create as much impact together as we possible can (help >250.000 people to clean water).

### What makes Marie-Stella-Maris a highly desired place to work?

- Hands-on: The Marie-Stella-Maris team works together in a hands-on, accountable, energetic and transparent way. Every team member takes significant responsibility and gets ample room to accelerate.
- Excellent team: Combining the experience of Marie-Stella-Maris and Stecc team together.
- Culture: We also understand the concept of fun - work hard, play hard!
- International focus: We are ready to expand abroad with the company. You can also enjoy this ride to become our new team member!
- Possibilities for renewal: We are always listening to new ideas coming from employees.

## Team

We are an energized and ambitious team that is committed to accelerating growth and meaningful social and sustainable impact. It's in our DNA to make impact with the things we do. The finance team consists one finance director, ad interim CFO and a book keeper.

We are all passionate about our mission, making clean drinking water possible to everyone. Are you too? Then we are looking for you!

### Tasks and responsibilities

- Preparing financial reports
- Analyzing financial data
- Monitoring internal controls
- Overseeing and preparing income statements
- Participating in budgeting processes
- Streamlining accounting functions and operations
- Developing plans for financial growth
- Evaluating and managing risk
- Possibilities to participate in investing projects for the company. You will directly collaborate with the CEO, a.i. CFO and Finance director

### Education and skills

- Master's Degree in Accounting or equivalent
- 1-3 years of work experience in finance
- Hands-on mentality
- Energetic to motivate others in the team
- Fit with the DNA of a social enterprise
- Self-starting, ability to work independently and take responsibility
- Ability to independently build, analyze and understand financial & business information and models
- Compliance oriented
- Analytical skills
- Ambitious and highly driven to succeed with good level of professional and commercial flair
- Native Dutch and fluent in English

### Marie-Stella-Maris offers you

- To be part of a young & ambitious team
- A creative and inspiring place to work in Amsterdam
- Market conform salary
